WHIRLWINDTM STA-SERIES LINEAR AIR PUMPS

WhirlwindTM Linear Air Pumps are built for long life in the field. The anti-vibration rubber foot pads provide stability and help reduce noise for quieter pump operation. Designed for easy maintenance. Whirlwind pumps do not require lubrication and the top pump lid with hand adjusted knob provides easy access to the filter compartment and included filter pad for easy inspection and replacement without the need for any tools.

Features

- Easy to Install
- Quiet operation
- Light and compact
- Inside threaded outlet port
- 6-foot power cord
