# Retro-Fit System for E/One® Grinder Package

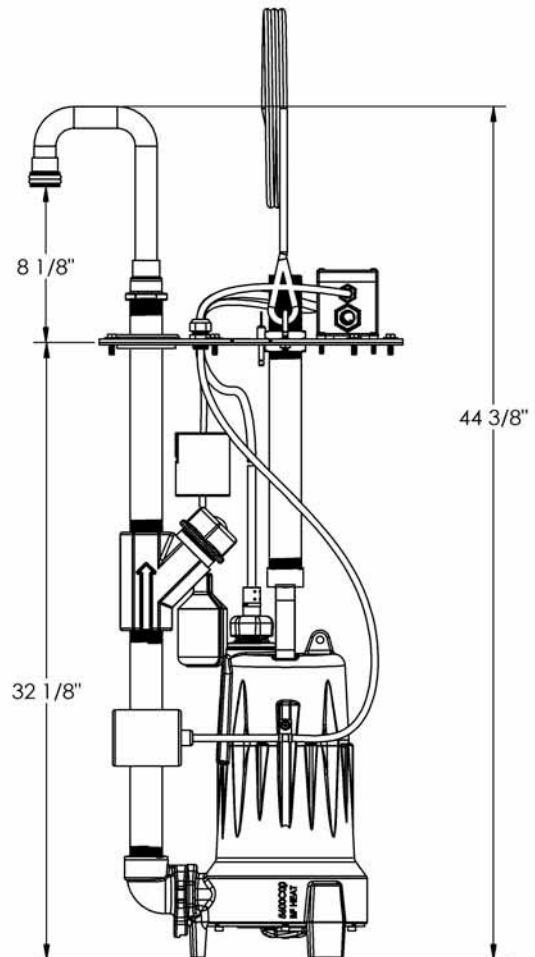

## Performance Curves:

## Dimensional Data

## Side View

## Models

### LSG202-RE

Single stage grinder model LSG202  
2 hp., 208-230V., 60 Hz. 15 amp, 3450 RPM  
Weight: 123 lbs

Available with  
LSG or LSGX-Series  
(2-Stage) Grinders

### LSGX202-RE

2-stage grinder model LSGX202  
2 hp., 208-230V., 60 Hz. 15 amp, 3450 RPM  
Weight: 129 lbs

See LSG or LSGX series grinder literature for complete pump specification.

Single stage LSG202-RE units may not meet pressure requirements in all applications. Consult factory for proper sizing and technical assistance where forced pressure mains or multiple homes tie into a common waste line.
